“ Because she set such high standards for her students, I once thought Dr. Dodd’s primary goal was to teach us literature. Only now have I begun to appreciate that **the greatest things we learned from her were about life.** ”

MASON COLE, MOORE, OK - OSSM CLASS OF 2001 - BOSTON COLLEGE

Dr. Dodd’s inovative all-female and all-male literature classes encourage class participation and allow for the young women and men to read and evaluate literature that is pertinent to their lives.

Dr. Dorothy Dodd is a member of the Inaugural Faculty and teaches American Literature. During her tenure she has been awarded a State Superintendent Award for Arts Excellence and has been extremely pleased to see that 13 OSSM students have also received this award.

Prior to OSSM, Dr. Dodd was the State Administrator For Gifted and Talented Education and Coordinator for Oklahoma Arts for the Handicapped. She designed OSSM’s Fine Arts Program to foster student’s appreciation for the arts. Dr. Dodd hopes to gain community support to transform the old library space into the OSSM Art Gallery.
