

OKLAHOMA SCHOOL of
SCIENCE and MATHEMATICS
FOUNDATION

2021-22 ANNUAL REPORT

SCHOOL YEAR (8/1/2021-7/31/2022)

1141 N LINCOLN BLVD
OKLAHOMA CITY, OK, 73104

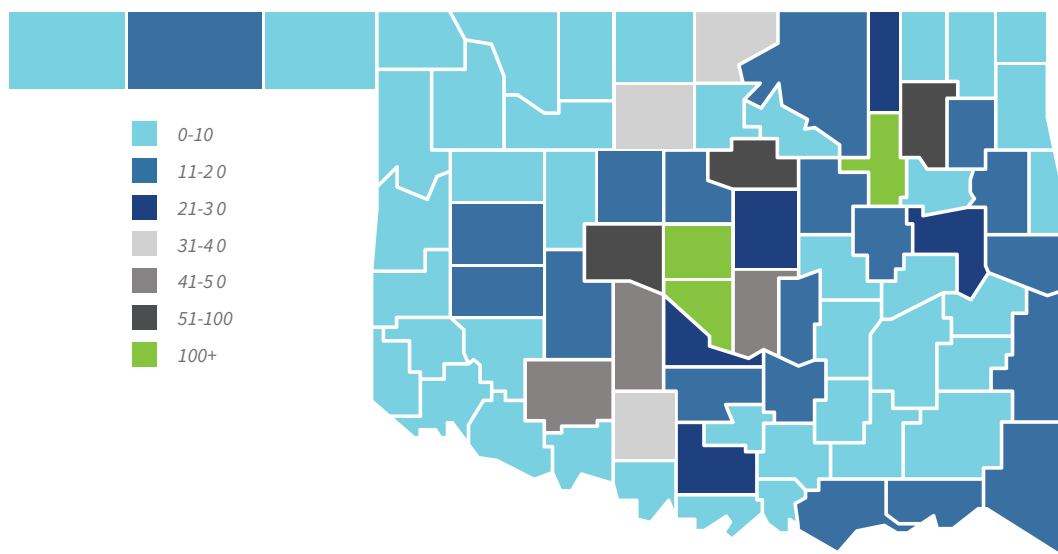

OSSM MISSION

The mission of the Oklahoma School of Science and Mathematics is to:

- **Educate students** who show promise of exceptional academic development through a program of instruction and discovery that challenges them far beyond the traditional high school model, imparting a superior foundation for careers in science, technology, engineering, and mathematics fields
- Serve as a **catalyst for advancing public school STEM education in Oklahoma** by providing residential, regional, summer, and virtual learning programs that extend advanced science and math education to a diverse student demographic
- **Inspire students to make a difference** in the State of Oklahoma and the world by leveraging their knowledge and curiosity for the betterment of mankind

The mission of the OSSM Foundation is to foster excellence in K-12 science and mathematics education throughout Oklahoma by supporting the Oklahoma School of Science and Mathematics' outreach projects, programs, development, students, faculty, and staff.

GRADUATES (1992-2022)

“OSSM has changed my life. I have learned so much, met so many amazing people, and had many opportunities. The heavy course load has shown me that I can accomplish anything, no matter how hard it seems. I have met a lot of people that have similar ambitions as mine, and we have grown together throughout our time at OSSM.”

Parker S. (OSSM '22, Madill H.S.)

RESIDENTIAL Immersion model supports students' academics

OSSM is a state funded, two-year **residential high school** for Oklahoma juniors and seniors with ability and interest in math and science. Consistently ranked in the top 1% of public high schools nationally (Niche.com), OSSM challenges students far beyond the traditional high school model. Everything at OSSM supports students' academics—from the school's residential immersion model, college-level curriculum, and largely doctoral-level teaching faculty (75%) to required evening study halls staffed with faculty, peer support, and limited cell phones and personal internet. Students leap forward in their academic progress, with many OSSM graduates receiving numerous credits for their OSSM classes at their chosen institutions of higher learning.

STATEWIDE Bringing advanced education to students across Oklahoma

OSSM operates **Regional Centers** in Enid, Okmulgee, Poteau, Tahlequah and Stilwell, providing students with calculus, calculus-based physics, and other advanced courses taught by OSSM instructors in partnering Career Techs near their homes.

OSSM's **Virtual Program** program works with high schools across the state to allow students anywhere in Oklahoma to receive daily interactive instruction online in calculus, calculus-based physics, and other advanced STEM courses AND to receive full face-to-face labs brought to them regularly by our accomplished Master-level OSSM instructor.

- Join Altus, Bristow, Classen SAS (OKC), Coweta, Davis, Deer Creek, Elk City, Geary, Mannford, Moore, Newcastle, Noble, Norman, Olive, Plainview, Poteau, Sallisaw, Sayre, Skiatook, Wister, and Tulsa Public Schools!

OSSM Virtual Program student Harper B. works out a calculus problem during in-person lab at her school.

SUMMER Engaging students and teachers statewide through summer program offerings

One-day Middle School Math & Science Workshops

Sponsored by **Williams Companies** and the **Oklahoma Aeronautics Commission**

Middle School Math & Science Teachers' Institutes

Sponsored by **Phillips 66** and the **Sarkeys Foundation**

The OSSM Summer Academies

Week-long STEM camps for high school students (fee-based). **Many thanks to Marathon Oil, Arvest Bank, and American Fidelity Foundation for providing scholarships for students with financial need to attend the 2022 OSSM Summer Academy!**

OSSM BY THE NUMBERS

PROVEN RESULTS

OSSM students leap forward in their academic progress, and graduates often receive numerous credits for their OSSM classes at chosen institutions of higher learning.

Although OSSM does not offer AP courses, 74% of students who took AP exams received scores of 3 or higher.

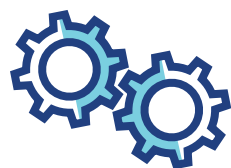

OSSM students consistently test higher than the national average in ACT & SAT scores and are also outperforming other National Consortium of Specialized STEM Schools (NCSSS) averages.

NOTABLE STUDENT ACHIEVEMENTS

- 9 National Merit Semi-finalists
- 4 Commended Scholars
- 2 National Hispanic Recognition Scholars
- 2 National Indigenous Recognition Scholars
- 3 Questbridge National College Match Recipients
- Physics Olympiad **Gold Medal Semifinalist**
- **1st place** at the International Science and Engineering Fair
- MIT Research Science Institute Participant

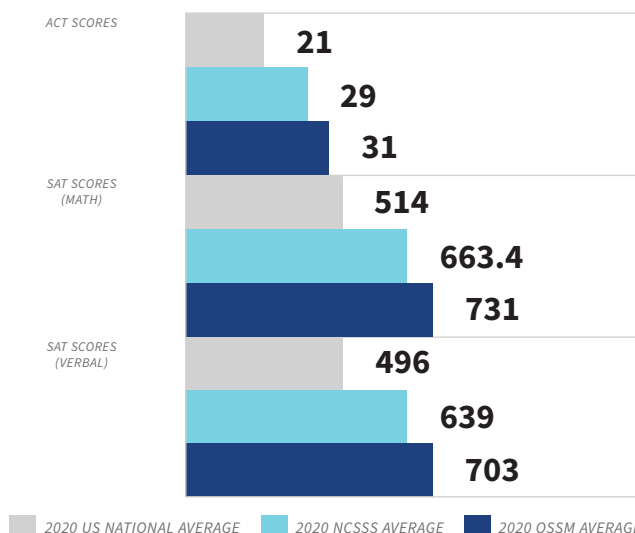

FURTHER EDUCATION

Of OSSM's 1,915 graduates through 2022, approximately half are still pursuing higher education, **more than half attended college in Oklahoma**, and some **60% are living and working in Oklahoma**. Of those now in the workforce, more than a third are practicing engineers, another third are in medicine and bioscience, and the rest are in computer science/data science/MIS, economics & finance, applied & computational math, chemistry & physics, research, business, law and more.

85%

are staying in STEM related fields for their careers!

“OSSM challenged me academically, physically, and psychologically, bringing me experiences and opportunities that I could never have even imagined. These experiences are priceless to me; I would not trade them for the world.”

Kai V. (OSSM '22, Moore H.S.)

OSSM CLASS OF 2022 COLLEGE MATRICULATIONS

- | | | | |
|--------------------------------|--------------------------------------|--------------------------------------|--|
| Bates College (1) | George Washington University (1) | Northwestern University (1) | Rhodes College (1) |
| Bowdoin College (1) | Grinnell College (2) | Oklahoma City University (1) | University of Texas at Dallas (1) |
| Carleton College (1) | Hendrix College (1) | Oklahoma State University (2) | Trinity University (3) |
| Carnegie Mellon University (1) | Illinois Institute of Technology (2) | Princeton University (1) | University of Missouri-Kansas City (1) |
| Colby College (1) | Johns Hopkins University (1) | Purdue University (2) | University of Oklahoma (20) |
| Colorado School of Mines (1) | Knox College (1) | Reed College (1) | University of Tulsa (2) |
| Columbia University (1) | Lehigh University (1) | Rensselaer Polytechnic Institute (1) | |

COURSE OFFERINGS (OSSM RESIDENTIAL PROGRAM)

College Level courses taught by largely Ph.D. (75%) faculty. See more at <https://www.ossm.edu/academic-departments/>

MATHEMATICS

Pre-Calculus I, II, III	Abstract Algebra
Calculus I, II	Real Analysis
Multivariate Calculus	Special Advanced Problems
Differential Equations	Geometrics
Number Theory	Topology
Probability and Statistics	Foundations of Mathematics
Linear Algebra	

BIOLOGY

Anatomy & Physiology	Endocrinology
Biochemistry	General Zoology
Molecular & Cellular Biology	Plant and Soil Science
Embryology	Microbiology
Genetics	Intro to Neuroscience

COMPUTER SCIENCE

Intro to Computer Science	Computer Architecture & Assembly Programming
Object-Oriented Programming with Java	Special Topics in Computer Science
Data Structures I & II	New in 2022: Intro to Data Science & Data Science Seminar
Operating Systems	
Computer Networking	

HUMANITIES

American Literature	Western Civilization
World Literature	East Asian History
American History	Arab Civilization

PHYSICS

General Physics	Special Topics in Theoretical Physics
Mechanics	Exploration Geosciences
Electricity and Magnetism	
Astronomy	
Intro to Modern Physics	
Modern Physics II	
Thermal Physics Waves & Optics	

ENGINEERING

Robotics Engineering	Complex Analysis (Math)
Electronic Circuits	Geoscience Seminar (Intro. to Petroleum Engr.)
Assembly Language	

CHEMISTRY

General Chemistry I & II	Chemical Equilibrium
Organic Chemistry I & II	Chemistry Olympiad Prep/Directed Study
Biochemistry	

Special Topics in Humanities	Fine Arts
Foreign Languages	
Principles of English Composition	

OSSM faculty go to great lengths to help students succeed with the college-level curriculum. Dr. Wang (T) helps Xavier N. and Annabelle B. with difficult math problems in an early morning session, and Dr. Underwood (B) visits with his advisees over lunch.

OSSM '94 alumna, Sara Dillard Bodenstein, M.Div., is one of our superb math faculty, specializing in helping juniors progress from their current math level to readiness for higher-level courses.

Katie Maurer, M.D., Ph.D

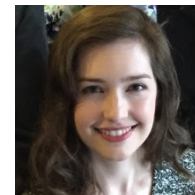

OSSM CLASS OF 2007 (Enid H.S.)

Medical Oncology Fellow, Dana-Farber Cancer Institute, Boston, MA

B.S. Microbiology and Immunology, University of Rochester, 2010

Ph.D. Immunology, New York University School of Medicine, 2015

M.D. Medicine, New York University School of Medicine, 2017

Katie always knew she wanted to be a doctor, but like many other fellow alums, she found additional possibilities at OSSM she had not anticipated. In her senior mentorship at OSSM, she had her first opportunity to explore scientific research in a microbiology laboratory at the OU Health Sciences Center under mentorship of Dr. H. Anne Pereira. She found research fascinating and discovered she could pursue an M.D./Ph.D. track to become both a physician *and* a scientist.

Robyn Grinsteiner-Miller, M.S.

OSSM CLASS OF 1996 (Mustang H.S.)

Engineer, Co-Owner, Sagemill Construction, Meeker, OK

B.S. Industrial Engineering & Management, Oklahoma State University, 2001

M.S. Aerospace Administration & Logistics, Southeastern Oklahoma State University, 2014

Robyn is one of many OSSM grads—more than a third—who have become an engineer, and she is also one of many who own their own businesses here in Oklahoma. Robyn worked in the Oklahoma aerospace industry for years and is now strengthening the local economy along with her husband with a thriving business of their own.

Lt. Col. (Ret.) August G. “A.G.” Roesener, Ph.D.

OSSM CLASS OF 1994 (Hardesty H.S.)

Principal Operations Research Analyst, MITRE, Madison, AL

B.S. Operations Research, United States Air Force Academy, 1998

M.S. Industrial & Systems Engineering, University of Florida, 2002

M.S. Operational Art & Science, Air University, 2011

Ph.D. Operations Research & Industrial Engineering, University of Texas, 2006

At MITRE, August is helping the U.S. government solve major problems that impact us all, and he is one of many OSSM alums who have served and are serving our country in the U.S. Armed Forces. Although they may reside outside Oklahoma, their impact is felt in so many ways, here at home and across the U.S. and the world. “The biggest thing I learned at OSSM was that I liked to be challenged; I don’t like things to be handed to me, to be easy... I was challenged so much at OSSM and have continued to [find high levels of challenge] throughout the majority of my life.”

Charles C. Te, M.D., FACC, FHRS

OSSM CLASS OF 2000 (Guymon H.S.)

Electrophysiologist, Oklahoma Heart Hospital, Oklahoma City, OK

B.S. Biomedical Engineering, Washington University-St. Louis, 2003

M.D. Medicine, University of Oklahoma College of Medicine, 2007

Residency—Internal Medicine, University of Oklahoma Health Sciences Center, 2007-2010

Fellowship, Cardiology/Electrophysiology, University of Oklahoma Health Sciences Center, 2010-2014

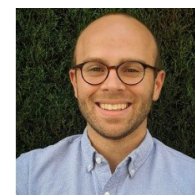

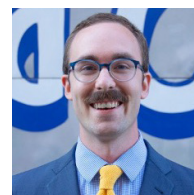

Charles is one of at least three OSSM alums saving lives of Oklahomans as physicians and surgeons at the Oklahoma Heart Hospital. Some 60% of OSSM alumni are living and working here in the state, helping solve problems that impact us all. “OSSM is a humbling and challenging experience. It helped expand my world view, achieve my academic goals, and develop lasting friendships.”

See these stories above and more at

WWW.QUANTUMEXPERIENCE.ORG

Forbes 30 Under 30

Co-founder of the Curbside Chronicle, Whitley O’Connor (OSSM ‘10, Ada H.S.), and Dr. Caleb Lareau (OSSM ‘11, OK Bible Academy, Enid), postdoctoral fellow at Stanford and co-founder of Cartography Biosciences, were both named to Forbes 30 Under 30 lists in 2022. O’Connor was selected for the magazine’s Social Impact category, and LaRue was selected for his work in Sciences. **Congratulations Caleb and Whitley!**

OG&E Energy Corp.

OGE Energy’s strong support for OSSM for more than 25 years continued this past year with sponsorship of OSSM’s new **Intro. to Data Science & Data Science Seminar!** Taught in Spring 2022 for the first time, this course gave students a superb, cutting-edge foundation in this relatively “new” yet fast-growing field in which many OSSM alums now work and many more will be needed. Many thanks to OGE for helping OSSM maintain the world-class academic standards it has held since 1990.

“The OGE Energy Corp. Foundation is proud to support rigorous, cutting-edge STEM education at OSSM, one of the best schools in the nation, to prepare Oklahoma students for exciting careers in science, math, engineering, and technology so necessary to the success of OG&E, our state, and our nation, today and for the future.”

Johnny W Whitfield Jr., Director of Business Intelligence, OG&E

Many thanks to our major partners these past several years helping fund critical programs and projects through grants!

Students receive training to utilize new Gas Chromatograph/Mass Spectrometer in their chemistry coursework and research. This sophisticated instrument enables students to identify different substances in test samples and is widely used across science-based industries. It was made possible by a \$22,000 match grant from **ONE Gas Foundation** answered by gifts from **Jeri and Warren Thomas, Bruzzy Westheimer**, and the **Presbyterian Health Foundation**. Mr. Westheimer (back row from left), Lynda Mobley and Jim Jarrett from ONE Gas Foundation, and Rick McCune from the Presbyterian Health Foundation stopped by to see the new instrument in action!

- **H.A. and Mary K. Chapman Charitable Trust** – General Operating
- **ConocoPhillips** – More than two decades helping train Oklahoma middle school science teachers through OSSM’s Summer Science Teachers’ Institute
- **Inasmuch Foundation** – Helping OSSM retain its outstanding, largely Ph.D. faculty
- **Kirkpatrick Foundation** – Underwriting OSSM’s robust Fine Arts program
- **Samuel Roberts Noble Foundation** – Helping OSSM retain its outstanding faculty
- **OGE Energy** – Computer Science & Data Science curricula
- **OSSM Parents’ Association** – Providing a variety of enrichment activities for all current OSSM students
- **Phillips 66** – More than two decades helping train Oklahoma middle school science teachers through OSSM’s Summer Science Teachers’ Institute
- **Presbyterian Health Foundation** – Providing faculty support and more
- **Sarkeys Foundation** – Helping train Oklahoma middle school math teachers through OSSM’s Summer Math Teachers’ Institute and helping provide for world class faculty and research excellence at OSSM for years to come
- **Williams Companies** – Providing summer math and science workshops for middle and high school students

■ OSSM graduate

OSSM inaugural Class of 1992 alumni gathered at OSSM this summer to celebrate their 30th Reunion! To honor several of their classmates who have passed away and to serve current students and alumni for years to come, the class raised more than \$10,500 to create a beautiful meditation garden on the OSSM campus and dedicated it during their reunion celebration. **Thank you, Class of 1992 Alumni!**
